I got this message Ignition lock defective pop up regularly on my Audi A4 last week. I was worried that it was going to be a serious problem, but it turns out that it was simply dirt build up in the grooves of the ignition key-fob. I got a small screwdriver and cleaned out the lint and the problem was instantly fixed. This is the cleaned key-fob.

The ignition lock deters unauthorized individuals from turning on the engine of your Audi A4 Quattro and driving off with your car. The ignition lock prevents your vehicle from theft by securing the steering assembly and ignition system. The ignition lock cylinder can only be operated by a customized key. It gets power from your car's battery.
