- Corresponding author. Clearly indicate who will handle correspondence at all stages of refereeing and publication, also post-publication. This responsibility includes answering any future queries about Methodology and Materials. Ensure that the e-mail address is given and that contact details are kept up to date by the corresponding author.

Instructions To Authors - Agro-Science

Use APA Style. All authors' contributions must be listed in an "Author Contributions" section at the end of the body text. Each author's contribution must comply with the ICMJE criteria for authorship. Authors must disclose conflicts of interest in a "Conflicts of Interest" section at the end of the body text.

Instructions for preparing an initial manuscript | Science

If a paper has been submitted but not definitely accepted the term " (submitted)" should be used. If the paper is still being prepared the term " (in preparation)" should be used. The abbreviation " et al. " should be used in the text when there are more than two co-authors of a cited paper.

Manuscript Submission Guidelines: Science - SAGE Journals

If the article is accepted for publication, the author may re-use their work according to the journal's author archiving policy.

If your paper is accepted, you must include a link on your preprint to the final version of your paper. 1. Open Access. Science Progress is an open access, peer-reviewed journal. Each article accepted by peer review is made freely available online immediately upon publication, is published under a Creative Commons license and will be hosted online in perpetuity.

Instructions for authors - IWA Publishing

Authors need not be members of ADSA. Please refer to the Instructions for Authors section of the Journal of Dairy Science Homepage for full details of editorial policies and style and form for publishing in JDS.

Science Journals - Instructions For Authors. All truth passes through three stages. First, it is ridiculed. Second, it is violently opposed. Third, it is accepted as being self-evident: Arthur Schopenhauer -- In questions of science the authority of a thousand is not worth the humble reasoning of a single individual: Galileo Galilei -- Science is a wonderful thing if one does not have to earn one's living at it: Albert Einstein -- When you have eliminated the impossible, what ever remains,

Freshwater Science: Information for Authors

Access to society journal content varies across our titles. If you have access to a journal via a society or association membership, please browse to your society journal, select an article to view, and follow the instructions in this box. Contact us if you experience any difficulty logging in.
